Values in action

Excelling on the water by winning and off the water by the highest academic achievement, both underpinned by collaboration, resilience, teamwork, perseverance and discipline.

Delivering competitive and learning experiences of **life-long benefit**.

Giving the **broadest range of people** the opportunity to benefit from the **transformational experience** of rowing for Cambridge.

Developing a culture that provides **equal access** to facilities, equipment and coaching for the benefit of current and future student-athletes.

Respecting each other, the traditions of the legacy clubs, the Boat Races and those we race.

Protecting and supporting the **mental health** and **physical wellbeing** of student-athletes.

Strategic priorities 2021-26

Continue to win Boat Races by attracting the world's best student-athletes to a world-leading university rowing programme.

Achieve complete equality including standardising all fleets.

Build a financially sound Club.

Build an inclusive Club culture that reflects the Club's values.

Support the University's strategic initiatives involving sport, physical activity and wellbeing.

I would like to make it clear that education at Cambridge includes everything as part of the student experience, not just academics. Anybody who says you're here for a degree and that alone is quite simply wrong.
